

Andy Chwalik

Charlotte-Durham NC, 919-799-9860, achwalik@charlotte.edu

Education

University of North Carolina at Charlotte, Charlotte, NC

Bachelor of Science in Mechanical Engineering

Honors and Awards: Chancellors list Fall 2025 – Spring 2026

August 2025 - May 2029

GPA: 4.0

Appalachian State University, Boone, NC

General Education

Honors and Awards: Chancellors list Fall 2024 - Spring 2025

August 2024 - May 2025

GPA: 3.87

Skills

Microsoft Office Suite | Revit | AutoCAD | Python | Adobe Illustrator | Soldering | MultiSim | HTML | Creo | Linux

Projects

Game Design, Riverside High School

Fall 2023

- Utilized Python in order to create a replica of the game Galaga using the turtle library
- Includes uniquely moving enemies, collision hitboxes, a scoreboard, and a leaderboard at the end

Restorative Justice Center for kids, Riverside High School

Spring 2023

- Designed and 3D modeled a restorative justice center for kids on the North Gate Mall site in Durham
- Included a variety of areas such as a lobby, a courthouse, a library, an activity room, and a basketball court
- Centerpiece of the building is a glass atrium from the open roof to the floor with a living tree in the center

Airfoil Project PLTW AE, Riverside High School

Spring 2023

- Collaborated with a partner to test how chord length can affect the aerodynamics of an airfoil
- Contributed to 3D modeling, 3D printing, testing, and reporting the results through a professional document

Rover Project PLTW AE, Riverside High School

Spring 2023

- Collaborated in a team of 3 to engineer and design a rover that can collect magnetic samples through varying terrain using a remote controller
- Contributed to concept development, prototyping, machine assembly, testing, and terrain scanning
- Implemented an autonomous navigation system so the rover could drive a predetermined route through the terrain

Birthday Breadboard Project PLTW DE, Riverside High School

Fall 2022

- Soldered a circuit board and wired it to a breadboard to display my birthday with LEDs
- Used logic gates to process binary inputs in order to display the correct numbers on the LEDs

Marble Sorter Project PLTW POE, Riverside High School

Spring 2022

- In a team of 4, engineered and built a machine to sort marbles of different sizes and transparencies
- Contributed to concept development, prototyping, testing, and machine assembly

Experiences

Cashier/Cook

Spring 2023 – Fall 2024

Buffaloe Lanes North, Raleigh, NC

- Managed and maintained the bowling lanes through open bowling, league bowling, and starlight bowling
- Distributed arcade prizes to hundreds of customers every day
- Handled orders, cooking, cleaning, and calling of orders for the snack bar

Logo Designer

Fall 2022

Durham Public Schools Outdoor Learning, Durham, NC

- Designed multiple logo ideas through Adobe Illustrator for the client until they were satisfied with the logo
- Created different color schemes for the logo the client was satisfied with for branding

Extracurricular

Charlotte Rocketry Club

2025-2026

- Incorporated into a 6 person recovery team focused on building and implementing an avionics bay into our rocket
